The ventilated negative display cabinet RDN 60 T is specially designed for

[Personalize](#) [Privacy policy](#)

presenting ice creams and frozen desserts in your restaurant or bakery.

Description

Highlight your frozen desserts at right temperature in the ventilated negative display cabinet with turning glass plates!

Panoramic and equipped with 4 LED lighting, the ventilated negative display cabinet RDN 60 T sublimates your ice creams, frozen pastries and frozen pies.

Your pastries and ice cream creations are presented on 4 turning plates

(diameter

37.5 cm) including a mirror glass. The carousel is driven by a motor mounted on ball

bearings. The carousel stops when the door is opened. The vertical showcase RDN 60 T is equipped with a very efficient cold system.

The ventilated refrigeration system ensures a uniform temperature of -5 to -18 ° C throughout the vertical showcase.

The evaporator placed in the upper part guarantees a homogeneous cold in the whole refrigerated display cabinet.

The electronic thermostat allows automatic defrosting every 2 hours.

Perfectly insulated, this vertical showcase with negative cold is equipped with triple glazed walls.

All refrigerated pastry display cabinets are factory tested at an ambient outside temperature of 29 ° C.
