*The ventilated negative display cabinet RDN 80 F is specially designed for displaying*

*ice cream and frozen desserts in your restaurant or bakery.*

## Description

Highlight and at good temperature your frozen desserts in the ventilated negative display cabinet with fixed grids!

Panoramic and equipped with a 4-LED lighting, the ventilated negative display cabinet RDN 80 F showcases your ice creams, frozen pastries and frozen pies.

Your pastries and frozen creations are presented on 5 fixed grids of dimensions 610

x

510 mm and adjustable on 7 levels.

The vertical showcase RDN 80 F is equipped with a very efficient cold system.

The ventilated refrigeration system ensures a uniform temperature of -5 to -18 ° C throughout the vertical showcase.

The evaporator placed in the upper part guarantees a homogeneous cold in the whole refrigerated display cabinet.

The electronic thermostat allows automatic defrosting every 2 hours.

Perfectly insulated, this vertical showcase with negative cold is equipped with triple glazed walls.

All refrigerated pastry display cabinets are factory tested at an ambient outside temperature of 29 ° C.

Features: electronic thermostat control, 4 LED lighting, panoramic construction, number of grids adjustable, triple

glazing, Tecumseh FRANCE compressor, R290. Tropicalized showcase mounted on 4

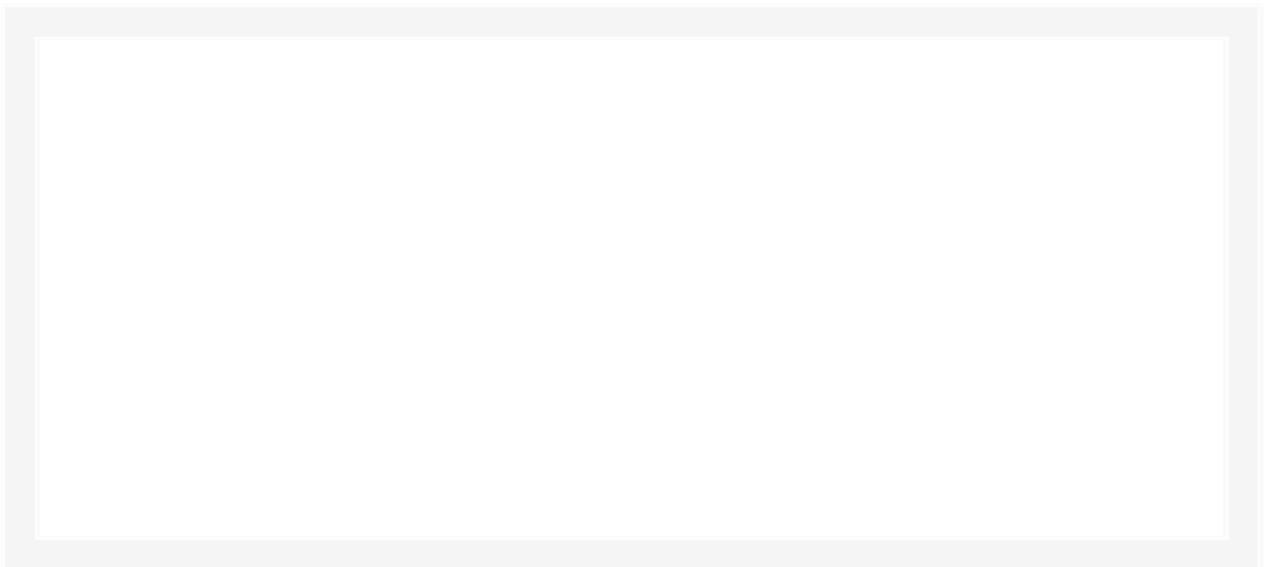

double wheels. Available in black or white.

Option: micro-hole glazing for use in the mountains.
